

CURRICULUM VITAE

GASTÓN RAMOS - [HTTP://GASTONRAMOS.COM.AR](http://gastonramos.com.ar)

PERSONAL DATA

Email: ramos.gaston@gmail.com

D.N.I: 26.289.622

Nationality: Argentinian

Born at: Santa Fe (Santa Fe, Argentina)

Born Date: November 28th, 1977

ACADEMIC TRAINING

University	Facultad de Ingenieria y Ciencias Hídricas - Universidad Nacional del Litoral. Santa Fe, Santa Fe.
Degree	Computer System Analyst
Highschool	Escuela .E.T. Nro. 478 Dr. Nicolas Avellaneda.
Degree	Computer System Technical

LANGUAGES

Spanish and English

WORK REFERENCES

Smrttouch.com

I started working on SmrtTouch from the begining of the project, SmrtTouch is a tool that allow users drawing routing calls with a friendly UI and diagrams, is made using technologies like Rails 3, Backbone.js, JQuery and Html 5.

Site: <http://smrttouch.com>

Simulscribe

PhoneTag automatically converts your voicemail into text and delivers it directly to your mobile phone and/or your email account; so you can read your voicemail. I worked doing the transcription's workflow process using technologies like Rails 2, Mongo Db, Amazon EC2 and Delayed Job.

Site: <http://www.phonetag.com>

Assembla

I worked in assembla improving the whole site and adding some new features, I did the multiple server deploy, added sftp protocol support and git repo support for the ftp tool. Technology: Ruby on Rails 2.3 - TestUnit - Capistrano - Git. You can see this post:
<http://blog.assembla.com/assemblablog/tabid/12618/bid/10093/July-27th-updates-New-FTP-publishing-tool-for-Web-developers-videos.aspx>

Site: <http://assembla.com>

Rmbrme.com

RmbrMe.com Is a web application for sharing contact information from your mobile phone, i worked as a contractor in order to add some new functionality and improve the existing code. I built the integration with Twitter, the new subscription system, the migration to rails 2.3 and I migrated all rspec stories to cucumber. We launched beamME Pro 3.0.

Technology: Ruby on Rails 2.3 - Cucumber - Rspec - Capistrano.

<http://rmbrme.com/twitter>

You can see this post:

<http://appadvice.com/appnn/2009/05/rmbrme-adds-twitter-support-to-all-apps-releases-beamme-pitch/>

Ifansblog

I made a generic fan blog system named ifansblog, its possible to install and setup for any Sport Team. This blog system was installed in a sports blog net in more than 20 sites.

WORK EXPERIENCE

Start Date: Junio 2008.

Tasks: Web Applications Development.

Technologies: Ruby on Rails - Rspec (BDD) - Capistrano (Deployment system) - Git (Control Version System).

Institution: Freelance.

Start Date: Julio 2006.

Tasks: Web Applications Development.

Technologies: PHP - Ruby on Rails - Rspec (BDD) - Capistrano (Deployment system) - Ruby (scripting) - Subversion (Control Version System).

Institution: Universidad Nacional del Litoral.

Start Date: February 2006.

Tasks: Web Applications Development.

Technologies: PHP - SimpleTest - Perl - Oracle - CVS (Control Version System).

Institution: Thales Information systems (<http://www.thalesonline.com/>).

Start Date: September 2005.

Tasks: Web Applications Development.

Technologies: PHP - Perl - MySQL - PHPunits - CVS (Control Version System).

Institution: By-Cycle (<http://www.by-cycle.com/> <http://www.bippie.com/>).

Start Date: February 2005.

Tasks: Web Applications Development, Database Systems.

Technologies: PHP - PostgreSQL - PHPunits - CVS (Control Version System).

Institution: Universidad Nacional del Litoral - Prog. de Inf. y Planificación Tecnológica.

Start Date: February 2005.

Tasks: Web Applications Development, Database Systems.

Technologies: PHP - PostgreSQL - PHPunits - CVS (Control Version System).

Institution: Free Software Development Group.

Start Date: August 2004.

Tasks: Network Administrator, Web Server Configuration, Firewall Administration & Configuration, Technical Support.

Technologies: Linux Debian - IPcop V 1.3 - Apache - PHP4 - MySQL.

Institution: Facultad de Arquitectura Diseño y Urbanismo.

Start Date: Mayo 2002.

Tasks: Computing Tech Support, Linux GNU/DEBIAN Migration, Network Instalation, Linux Systems Configuration.

Institution: Universidad Nacional del Litoral - Prog. de Inf. y Planificación Tecnológica.

Start Date: July 2002.

Tasks: Professor assistant of Programming Foundations and Programming I.

Institution: Facultad de Ingeniería y Ciencias Hídricas.

Start Date: August 2000.

Tasks: Technical Support (Computer Repair and Configuration).

Institution: Facultad de Ingeniería y Ciencias Hídricas.

Start Date: October 2000.

Tasks: Computing Professor.

Institution: Domingo Faustino Sarmiento School.

Start Date: February 1998.

Tasks: Technical Support (Computer Repair and Configuration, Network Configuration and Installation).

Institution: Intercom Soluciones Informáticas.

ADVANCED TRAINING

- CCNA 1 - Cisco Certified Networking Associate - Cisco Networking Academy - Design, Administration and Maintenance of Computer Networks.
- I Interdisciplinary Provincial Conference of Electronic Document and Digital Sign.
- International Congress of Educative Computing.
- I Meeting of New Technologies and Media Applied to Education (FICH).
- I GNU / Linux Conference (FICH).
- Bluetooth Technology (FICH).
- Web Pages Design - I Meeting of New Technologies and Media Applied to Education (FICH).
- Development of Hypermedia Applications.
- I National Congress of Computation Students (FICH).
